MANNA FROM HEAVEN

Presenter: Pete Yribarren, Community Programs Specialist Rural Development U.S. Department of Agriculture

Overview: In the 2012 USDA budget, Congress has allocated $1.3 Billion in funding nationwide for the Community Facilities (CF) Program. The CF Program provides direct loans to public bodies, non-profit entities, and Tribes in areas with less than 20,000 people. This $1.3 Billion is 4 times as much funding as was received in 2011. In addition, the program’s interest rate is currently set at 3.75% (through March). To help get the word out about the program, Mr. Pete Yribarren, Community Programs Specialist Rural Development U.S. Department of Agriculture, has agreed to attend the January meeting and provide more information to our group.

6th Annual Christmas Bikes for Kids of Deployed VAFB Service Members

Thank you for helping us provide support to the courageous VAFB families with a loved one deployed overseas. It is with shows of support like yours that we are able to express our appreciation for America's finest.

Now that the money has been raised, we're ready for the fun part: presenting the kids with their bikes and helmets! To see the difference you have made in the lives of these kids and their families, please join us at Bicycles Unlimited, 660 North H Street in Lompoc on December 17th between 10:00 a.m. and noon as we distribute bikes and helmets.

For tax purposes, we affirm that the Village Dirtbags did not provide any goods or services in whole or partial consideration for your donation which is tax deductible to the extent provided by law. The federal tax identification number of the Lompoc Valley Chamber Community Development Foundation is 851-538-448 (your check was made payable to this foundation). 100% of each contribution went directly towards the Christmas Bikes project.

Again, thank you for supporting the courageous VAFB families with a loved one deployed overseas. You made a difference!
